关于我们

About Us

JSConf China (JavaScript 中国开发者大会) 是一个为期两天的以技术开发者为中心的非营利国际性技术大会，主要关注JavaScript和Node.JS方面的技术。期间我们会邀请众多国内外JavaScript社区著名的开发者来分享他们的知识及对JS的独到见解。本大会已经成功举办5年，为海内外开发者们所熟知和期待。往届大会信息请访问 http://jsconf.cn/ 。

我们在此邀请您成为JSConf China 2017的赞助商之一。这是一次向JavaScript社区展示贵方对此领域的热忱与影响力的绝佳机会。

您的赞助将被用于支付场地、餐饮费用、讲师交通及住宿费用、活动宣传及运营等。这也可以帮助我们提供更优惠的票价、更多的接触机会、接受更多的现场观众。

JSConf China is a two-day developer-driven, non-profit conference where both local and International JS community share the latest tools and techniques for the JavaScript language while hearing from notable figures within the community. With a 5-year history, JSConf China is well-respected, with many developers looking forward to returning each year. Program information for past years can be found on http://jsconf.cn/.

You now have the opportunity to support JSConf China 2017 and show your organization's commitment to the JavaScript community.

Our sponsors' support helps us to cover the costs of venue, catering, speakers, event promotion and operations. It also lets us to offer lower ticket prices, increase accessibility and allows us to increase audience numbers.

Wiredcraft（https://wiredcraft.com/)是一家本部位于上海的电子科技公司，在美国华盛顿及德国柏林均有分部。我们的专长是设计、数据科学，API和DevOps，我们曾帮助世界银行实现开源数据门户的数据可视化，为25年来缅甸第一次民主选举设计选票系统。我们通过每月组织线下活动(UIUX meetup, JS meetup, Hacker News meetup, Docker meetup)来支持本土科技与设计社区，每年我们都组织JS Conf及UIUX Conf。

Wiredcraft (https://wiredcraft.com/) is a full service digital agency based in Shanghai, Washington DC and Berlin. We are Design, Data Science, API and DevOps experts. Think data visualizations for the World Bank Open Data Portal, or election software for the first democratic elections in Myanmar in 25 years. We support our local tech and design communities by organizing monthly meetups, JSConf China and UI/UX Conf China.
